Skills

Visual Identity & Branding | Digital Illustration & Layout Design | Typography & Color Theory | Print & Digital Media | Adobe Creative Suite (Photoshop, Illustrator, InDesign) | Team Collaboration & Communication.

Experience

Freelance Graphic Designer, Khobar Freelancer, 06/2022- Present

Conceptualized and executed visual identity designs for clients from different industries which includes logo designing, branding and marketing.

- Developed appropriate digital and print promotional materials and advertising including social media graphics, brochures and posters.
- Actively partnered with clients to design visually attractive works that capture and retain appropriate levels of brand interaction.

Shifted for real estate management and marketing, Dammam Graphic Designer, 08/2025- 08/2026

Create and develop comprehensive visual identity designs for real estate projects from concept to completion, including logo design, stationery, packaging, and social media visuals.

Horizonline Agency, Khobar

Graphic Designer, 01/2025- 03/2025

designing engaging social media content, exhibitions, and event visuals for companies, ensuring brand consistency, audience engagement, and impactful creative execution.

Gene Branding, Dammam Trainee, 03/2023-06/2023

I acquired practical knowledge in graphic design and took part in numerous creative projects. The main aspect of my work was the preparation of design materials and the editing of the final product for better quality.

- Developed an exhaustive list of visual elements like letter heads, ads, and case study materials with a view to creating a powerful brand.
- Used Photoshop in enhancing the images so that the actual design would be improved with the help of photo retouching skills.

Education

Bachelor of Graphic Design and Multi Media, 08/2019-06/2024, Imam Abdulrahman Bin Faisal University, Dammam
